

## OKLAHOMANS PLEASED

CAME TO TRY OUT GLENDALE; NOW EAGER TO BUY A HOME

Z. T. Boicourt and wife, who came to California from Oklahoma City, Okla., recently, are now living at 107 East Los Feliz Road and already are so pleased with Glendale that they are resolved to buy a home and settle down. Both had the flu soon after their arrival and Mrs. Boicourt has not yet fully recovered. Mr. Boicourt was employed in selling crypts in the mausoleum at Oklahoma City and he was enabled to obtain a like situation with the Forest Lawn management as soon as he was able to go to work. He is very enthusiastic over the mausoleum here and says it is the finest he ever saw. The second unit has been just begun and two more will be built later. The crypts, which extend along the walls three tiers high, are lined with marble. When the casket is put inside the crypt is hermetically sealed in with two end slabs, one of concrete and the other one of marble. On this latter the name and the inscription desired are cut in letters plated with gold leaf. A crypt holds but one casket and they sell for from \$350 to \$650 each, while a cell, holding six caskets, sells for as high as \$10,000. The mausoleum is open to inspection at certain hours each day.

## FAREWELL LUNCHEON

Mrs. L. M. West, Jr., and Mrs. J. A. McKelvey are hostesses at a luncheon which is being given today at the home of Mrs. West, 113 South Cedar, for Miss Alice Gray Beach. It will be an Easter affair with a yellow color scheme featuring the floral decorations and appointments. The table is to be centered with California poppies matched by the shades of the candles with which the board will be illuminated. No special entertainment is being provided and the gathering will be simply an informal social afternoon. Covers are being laid at the luncheon for Miss Beach, Miss Vera McPherson, Mrs. Noble Ripley, Miss May Church, the hostesses.

## MR. AND MRS. TUCK'S HOME

Mr. and Mrs. Tuck, sister and brother-in-law of Mrs. R. V. Hogue, expect to move this week into the garage they have built on the Burbank acreage they are improving. It has been made very cozy for their occupancy while their house is being constructed. They have the completed plans of their residence on which work will begin soon and they want to be on the ground while the work is in progress, for that reason have arranged the garage as a shelter. Mr. Tuck is very busy just now setting out trees upon his property. Their relatives—the Hagues and Linkogels—are delighted to have their home established so near.

## OPERATIONS AT GLENDALE SANITARIUM AND HOSPITAL

E. U. Davis of Burbank was operated on for appendicitis Tuesday at the Glendale Sanitarium and Hospital and is doing well. Minor operations were performed also on Master Russel Mohn of Pasadena and Mrs. June Stone of 335 Salem Street Wednesday. Both are recovering rapidly.

## GLENDALE DOCTORS

COMPLETE ORGANIZATION TO BE KNOWN AS "GLENDALE PHYSICIANS' CLUB"

A number of Glendale physicians met at the office of Dr. Kaemmerling on South Brand Boulevard at 7:30 Wednesday evening and from there went to the Glendale Restaurant to partake of a supper prepared for them. Following the feast they adjourned to Dr. Kaemmerling's office where they proceeded to complete the organization of the Glendale Physicians' Club. It was decided that any reputable physician of Glendale and vicinity having an unlimited license to practice medicine and surgery in California, is eligible to membership. The officers elected were:

President, Dr. H. V. Brown,  
Vice President, Dr. G. Kaemmerling,  
Secretary-Treasurer, Dr. H. C. Smith.  
The organization will meet for a dinner and discussion twice a month.

## BRITISH EMBASSY PICKETED

WOMEN CARRYING PROPAGANDA PATROL IN FRONT OF BUILDING

(Special Service to Glendale Evening News)

WASHINGTON, April 2.—Two women carrying signs asking that the United States intervene in Ireland to prevent a massacre alleged to be scheduled to begin Monday, picketed the British Embassy here today. The picketing consisted of walking up and down in front of the building. The women said they would shortly be relieved by others and that the vigil would be maintained indefinitely. The signs they carried read:

"England, American women warn you of a reign of terror in the Irish republic and America cannot continue relations with an England ruled by assassins."

## ANOTHER WAGE CONFERENCE FAILS

RAILWAY EXECUTIVES SAY WAGE DEMANDS ARE TOO LARGE TO BE GRANTED OWN RESPONSIBILITY

(Special Service to Glendale Evening News)

WASHINGTON, April 2.—President Burt M. Jewell, of the Railway Department, American Federation of Labor, today notified President Wilson that two million railway workers will appeal to the Transportation Labor Board for wage increases totalling one billion dollars annually. Jewell forwarded to the White House correspondence between the railway executives and union leaders which resulted in a break-up yesterday of the joint conference called by President Wilson to agree on new wage schedules. The union men charged the railway executives with a refusal to comply with the Esch-Cummins transportation act.

This charge was made in a letter to Chairman Whitter of the Railway Executive Wage Committee, who notified the men the executives could not go on with the conference. Whitter wrote that the wage demands were too large for the executives to grant on their own responsibility without the approval of the public.

## WILLIAM JENNINGS BRYAN HERE

REFUSES INTERVIEW EXCEPT PROPHECY THAT PROHIBITION WILL NOT ENTER PRESIDENTIAL CAMPAIGN

(Special Service to Glendale Evening News)

RIVERSIDE, April 2.—William Jennings Bryan and Senator Robert L. Owen of Oklahoma, spent the night at Glenwood Mission Inn and left this morning for Los Angeles where they will attend and speak at the convention of the League of the Southwest. Bryan refused to be interviewed on politics except to say he did not think prohibition would be a factor in the presidential campaign.

## PHILADELPHIA TENANTS RIOT

DEPUTY SHERIFF WHO EVICTS MR. AND MRS. GLASSMIRE NEARLY LYNCHED BY MOB

(Special Service to Glendale Evening News)

PHILADELPHIA, April 2.—Reserves from four West Philadelphia police stations were called out today to quell a riot in which hundreds of tenants attempted to lynch a deputy sheriff who had evicted Mr. and Mrs. George Glassmire. Their home had been sold by real estate agents.

Edwin Hunter, the deputy who served the writ was saved by policemen who ran into the crowd with drawn revolvers and turned in a general riot call.

## TRUSTEES' MEETING

H. A. EDDY RESIGNS AS ENGINEER—COURTLAND L. HILL APPOINTED

The Board assembled at 8:40 p. m., April 1, 1920. There were present Trustees Henry, Jackson, Shaw, Woodberry. Absent, Trustee Muhleman. In the absence of the Chairman, Trustee Woodberry was appointed Chairman pro tem. The minutes of the regular meeting of March 25, 1920, were read and approved.

Communication was presented from J. J. Burke, asking permission to erect a building on Lot 14, W. C. B. Richardson Tract, to serve the purpose of a light mill and cabinet works. The application was accompanied by a letter from the City Manager, stating that the lot upon which it is proposed to erect this building is located just outside of Industrial District No. 2. Trustee Henry made a motion, seconded by Trustee Jackson, that the permit be granted, resulting in roll call as follows:

Ayes: Henry, Jackson.  
Noes: Shaw, Woodberry.  
Absent: Muhleman.

On motion of Trustee Shaw, it was ordered that the action just taken be reconsidered. On motion of Trustee Shaw, further action in regard to the matter was postponed for one week.

A communication was read from the Trustees of the Glendale City Schools, requesting that the Board of Trustees institute proceedings for the abandonment of an alley running through certain lots on the property recently acquired by the School District, on the south side of Wilson Avenue north of the Broadway School grounds. On motion of Trustee Shaw the matter was referred to the City Manager to investigate and report.

An application was presented from M. E. Rickerson, asking for permit to conduct a jitney business. On motion of Trustee Henry the same was granted.

An application was presented from Loren M. Noyes for permit to carry on jitney business, and after some discussion in regard to the youth of the applicant, the permit was granted.

Report of the City Recorder for the month of March was presented showing a total of one hundred sixty-four (164) cases disposed of by the Court during the month, with fees amounting to five hundred sixty-one dollars (\$561.00).

Report of the Sanitary Inspector for the month of March was presented, showing, among other cases reported, twenty-three (23) from influenza.

Reports were ordered to be filed. Demands were presented and referred to the Finance Committee.

A communication was read from the City Manager, stating that it will be necessary to procure supply of pipe and fittings to furnish the new city park with water during the coming summer, and recommending that the sum of three hundred fifty (\$350.00) dollars be set aside for that purpose. Communication stated that the amount received for trees sold by the municipal nursery was three hundred fifty-five dollars (\$355.00). On motion of Trustee Shaw it was ordered that a sum not to exceed three hundred dollars (\$300.00) be set aside, as recommended by the City Manager.

Demands were reported back by the Finance Committee approved, and on motion of Trustee Shaw the warrants were ordered to be issued in payment of the same.

A communication was read from the City Manager recommending that thirty per cent (30 per cent) of the cash receipts of the Public Service Department for the months of April and May be credited to the Public Service Bond Redemption and Interest Fund. On motion of Trustee Shaw the recommendation was adopted, and it was so ordered.

The City Manager presented certain vouchers for water and light service, which on the suggestion of Mrs. R. A. Blackburn, Assistant Director (Continued on page 5)

## D. L. GLENN AND WIFE RETURN TO OREGON

D. L. Glenn and wife have sold their place at 432 West Colorado to a Mrs. Simons of Ocean Park, who will move in next week with her daughter, Mrs. Anna Beckerman. Mr. and Mrs. Glenn, after visits with friends in Los Angeles, Pasadena, Glendora and Alhambra will go back to Ashland, Oregon, whence they came last December and will make their home again with their only daughter. They claim Ashland as their home.

## COAST SHOE FACTORY

A. G. SMITH OF ST. CHARLES, MO., SEES POSSIBILITIES IN THIS LINE

A. G. Smith, superintendent of the International Shoe Company's factory at St. Charles, Mo., is in Glendale for a few weeks' visit with his cousins, Sanford and Bine Smith of the Broadway Auto Sales Company. He is already so in love with Glendale that he says he will send his son and daughter out here this fall and make arrangements later to locate for good.

Mr. Smith says his company has 29 factories in operation in Missouri, Iowa, Kentucky and Illinois and a thirtieth building. He is amazed that no company has as yet seen the possibilities for a large shoe factory on this coast, where millions of hides can be had close at home for tanning, and says he means to put it up to his company very strongly and see if he can not induce them to locate a factory out here. He says they have 35 salesmen on the coast and there is no reason why the double freight now paid on the hides to the Eastern factories and then on the finished shoes back to the coast, should not be saved, thus lessening the price to the public. The combined output of the 29 factories now operated by his company is 75,000 pairs a day, according to Mr. Smith.

Carl H. Clausenius who has been employed by the Jewel Electric Co. of 202 East Broadway as an electrician for some months past is now an outside salesman for the same company.

## BICYCLE THEFTS

TWO BOYS AID IN APPREHENDING BOLD THIEF WHO RODE WHEEL AWAY

Dwight Fisher of 349 West Elk stopped at the Glendale Pharmacy yesterday afternoon and left his bicycle standing out in front while he went in to make a purchase. Billy Watson, who was just outside, saw a strange young man get on his friend's bicycle and ride rapidly away. He hurried in and notified Dwight and they both jumped on Billy's wheel and started in hot pursuit. They soon lost sight of the thief and then enlisted the services of Officer McLean, who set out in one of the city autos to search for the culprit, the boys doing their part by scouting along cross streets. Officer Trautwein was met and he took Dwight on behind him on his motorcycle and joined in the chase. By great good fortune they sighted the party wanted pedaling rapidly west on Lexington Drive and overhauled him at Orange Street. Dwight identified his bicycle and the thief surrendered without resistance. He was taken to the city jail and there confessed to stealing Martin Noyse's wheel from back of Roberts & Echols' drug store a few days ago, and said he had recently stolen two bicycles in Los Angeles, one of which he sold for \$13 and the other for \$7.50. He gave his age as 27 and his occupation as that of a painter, but said that on account of an injury to his back he could work only two days a week. He claimed he stole to get money for his mother. He gave his name as L. B. Haynes.

Chief Lampert thinks he may connect him with other recent thefts of bicycles. Elwood Ingledue's new Pierce racer was taken from the front porch of the home at 501 East Wilson Avenue Wednesday and John Winter's Ranger was stolen from in front of a store. Winter lives at 711 North Kenwood.

## TOPS DRESSED FREE

MONARCH AUTO SUPPLY COMPANY MAKES AUTO OWNERS A PRESENT

This concern's place of business should be a popular rendezvous Saturday and Monday for owners of cars that have tops in need of a little freshening up. According to their advertisement on another page of this issue, they offer to apply Black Duck Dressing to auto tops free of charge for those purchasing the dressing.

It is to be supposed that many an auto top is neglected not on account of the expense but from a disinclination to do the work.

We bespeak for the Monarch people a chance to do plenty of free work these two days.

### ORDINANCE NO. 377

AN ORDINANCE REGULATING THE CONSTRUCTION AND MAINTENANCE OF PUBLIC AND PRIVATE AUTOMOBILE GARAGES, AUTOMOBILE FILLING STATIONS, AND GASOLINE CURB PUMPS.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. For the purpose of this ordinance the term "public garage" is defined to be a building where automobiles are kept or stored by the public, or where automobiles are rented to or hired by the public, or where a charge is made for the use, repair, storage or keeping of automobiles.

For the purpose of this ordinance the term "private garage" is defined to be a building where one or more automobiles are kept or stored for private use only, and are not rented to or hired by the public, and where no charge is made for the storage of the same.

For the purpose of this ordinance the word "gasoline" shall be deemed to mean and include any product of petroleum or any hydro-carbon liquid that will flash or emit an inflammable vapor below the temperature of one hundred (100) degrees Fahrenheit.

For the purpose of this ordinance the term "automobile filling station" is defined to be any lot, premises or building or any portion thereof, which is used wholly or in part for the purpose of furnishing gasoline, (in the open air) to motor-driven vehicles.

For the purpose of this ordinance the term "curb pump" is defined to be any pumping device used for the purpose of pumping gasoline from an underground storage tank (and measuring same for selling purposes), which pump is located in any street, alley or public place in the City of Glendale.

Section 2. It shall be unlawful for any person, firm or corporation to establish, conduct, maintain or use, or cause or permit to be established, conducted, maintained or used any public or private garage, automobile filling station or curb pump without first obtaining a permit in writing therefor from the Superintendent of Buildings, and paying a fee of fifty cents (50c) for each such permit. Each such permit shall contain the name of the person, firm or corporation to whom the same is issued, and shall specify whether the same is issued for a public or private garage, automobile filling station or curb pump, the location by street and number of the premises upon which such garage, automobile filling station or curb pump is or is to be located, the amount of gasoline that may be stored therein and in connection therewith, and the exact location where gasoline storage tanks, if any shall be placed. No permit shall be granted for the establishment, conduct, maintenance or use of any public or private garage or automobile filling station in any part of a building that is used or occupied as a hotel, apartment house, rooming house, or lodging house, or in any building in which any room or rooms above the ground floor are used or intended for use as a dwelling by one or more families, or in any part of a building which is used for public or private assemblages. Any permit for the installation of a curb pump issued under the provisions of this ordinance shall be subjected to revocation by the Board of Trustees at any time upon sixty (60) days notice in writing, which notice shall be given as provided in Section 5 of this ordinance.

Section 3. It shall be unlawful for any person, firm or corporation to construct, erect or maintain, or to cause or permit to be constructed, erected or maintained any public garage in the City of Glendale within one hundred feet of any public school building, hospital, church or fire station, provided, however, that the provisions of said section shall not apply to any public garage constructed, erected or maintained at the time of the passage of this ordinance.

Section 4. No permit shall be granted for the establishment, conduct, maintenance or use of any public or private garage, automobile filling station or curb pump that does not comply in all respects with the requirements of this ordinance, and before there shall be issued any permit for the construction of a gasoline filling station or for the installation of curb pump to be hereafter constructed or installed, an investigation shall be made as to the advisability of such installation at the said location by the City Manager, the Superintendent of Buildings, and the Fire Marshal, and if, in the judgment of any or all said officials, the said location is not a proper one, said permit shall not be granted. In event the said applicant is not satisfied with such decision he shall be entitled, upon his application, to a hearing of the matter before the Board of Trustees, whose decision shall be final; provided, that public notice of said hearing shall be published at least one week prior to the date of such hearing.

Section 5. In the event that any person, firm or corporation holding a permit to establish, conduct, maintain or use any building or premises as a public or private garage or automobile filling station or to establish, conduct, maintain, or use a curb pump shall violate, or shall cause or permit to be violated, any of the provisions of this ordinance, or any other ordinance relating to or regulating public or private garages, automobile filling stations, or curb pumps, or shall conduct or carry on the same in an unlawful manner, or shall cause or permit the same to be carried on, it shall be the duty of the Superintendent of Buildings and said Superintendent of Buildings shall, in addition to the other penalties provided by this ordinance, suspend the permit issued to such person, firm or corporation until a hearing shall have been had by the Board of Trustees in the matter of the revocation of such permit, notice of which hearing shall be given in writing at least three days prior to the date of such

### ORDINANCE NO. 377

Continued from Page 2)

hearing, stating the ground of complaint against the holder of such permit and the time and place where such hearing shall be had. Such notice shall be served upon the holder of such permit by delivering the same to such person, firm or corporation, or to his or its manager or agent, or to any person in charge of or employed in the place of business of such holder, or if such person has no place of business then at his place of residence; or by leaving such notice at the place of business of such person, firm or corporation, or at any place of business or residence of such person, with some person of suitable age and discretion. If the holder of such permit cannot be found and service of such notice cannot be made upon him or it in the manner herein provided, then a copy of such notice shall be mailed, postage fully prepaid, addressed to such holder of such permit at such place of business or residence, at least three days prior to the date of such hearing. If upon the hearing a violation of any law or ordinance, as stated in the notice, shall be proved to the satisfaction of the Board of Trustees, said Board shall revoke such permit.

Section 6. Every building hereafter erected and every building hereafter altered or changed for use as public garage shall be built of brick, hollow tile, or concrete, or some other like fireproof construction, and shall conform to regulations for buildings in Fire District No. 1 as set forth by ordinance, and to the provisions of this ordinance.

The flooring of the first floor of any such building shall be constructed of concrete, with a system of ventilation having openings to the outer air at the floor lines not less than six inches by eight inches for each ventilator.

Section 7. There shall be maintained at all times in every public garage having a floor space of less than 500 square feet at least two chemical fire extinguishers each containing not less than three gallons of chemical, and there shall be maintained at all times in every such garage at least one additional such chemical fire extinguisher for every additional five hundred (500) square feet of floor space, or fraction thereof. On the main floor of every public garage there shall be kept not less than four barrels of clean dry sand, each containing an iron scoop. Such barrels shall be placed at different locations on the main floor of such garage and of the repair shop, if any, in connection therewith.

Section 8. Any room or portion of a room in a public garage hereafter erected, altered or changed, which is maintained as an automobile repair shop shall be separated from any and all other rooms used or maintained in connection with such garage by a fireproof partition reaching to or passing through the roof of such building. Every such partition shall be constructed in accordance with the ordinance of said City regulating the construction of the class of building to which such building belongs.

Section 9. No building used in connection with an automobile filling

station shall exceed one (1) story in height and every such building hereafter erected, altered or changed shall be erected, constructed and maintained in conformity to the provisions of this ordinance governing the construction of public garages; provided, however, that outside of Fire Districts No. 1 and 2 any such building may be of frame construction, without cellar or basement. The floors of every such building shall be constructed of earth or concrete.

Section 10. It shall be unlawful for any person, firm or corporation to establish, conduct, maintain or use, or to cause or permit to be established, conducted, maintained, or used, as a public or private garage or automobile station, any part of any building that is used or occupied as a hotel, apartment house, rooming house or lodging house, or any part of any building that is used for public or private assemblages, or of any building in which any room or rooms above the ground floor is used or intended for use as a dwelling by one or more families.

Section 11. It shall be unlawful for any person, firm or corporation to keep or store, or to cause or permit to be kept or stored, any gasoline in or about or for use in connection with any public or private garage, automobile filling station or curb pump in a manner contrary to the provisions of this ordinance.

Section 12. It shall be unlawful for any person, firm or corporation to keep or to cause or permit to be kept more than five gallons of gasoline inside of any public or private garage or automobile filling station, except such as is contained in the tanks or reservoirs of automobiles stored in such garage.

Section 13. It shall be unlawful for any person, firm or corporation to store or keep, or to cause or permit to be stored or kept, any gasoline for use in or about or in connection with a public or private garage or automobile filling station, or curb pump, except as hereinbefore or hereafter provided; provided that any storage facilities now installed and in use may be used as they now are, but upon any repair or alteration thereof the same shall be made to conform to the provisions of this ordinance. All gasoline shall be stored in a tank or tanks outside of the walls of any building. Every such tank shall be constructed of not less than No. 14 gauge galvanized steel, riveted to steel joint or oxy-acetylene or electric welded tanks, and coated with tar or other rust-resisting material, or shall be constructed of iron of not less than three-sixteenths of an inch in thickness, riveted and caulked, and coated with tar or other rust-resisting material.

Every such storage tank shall be buried under ground outside the walls of any building. The top of each such tank shall be at least four feet below the surface of the ground. The space above the top of each tank shall be filled with earth so as to be level with the surface of the surrounding ground.

No such storage tank shall be located nearer to any building than five feet unless such tank is enclosed in brick or concrete walls not less than twelve inches in thickness.

In any case where more than one such storage tank is installed, there shall be constructed between each two adjacent tanks, a brick or concrete wall not less than twelve inches in thickness. Such wall shall be at least two feet distant from each tank, and shall extend at least one foot below the bottom of such tanks and up to a level with the surface of the ground or sidewalk. The space between such wall and each such tank shall be filled with earth.

No such storage tank shall be connected with another so that gasoline can flow from one tank to the other. Every supply pipe from tank to pump shall have an independent shut-off valve so that no more than one tank may be pumped from at any one time.

No such storage tank shall be covered with earth until after the same shall have been inspected by the Superintendent of Buildings.

No tank shall be of such capacity as to contain more than five hundred (500) gallons. Not more than three such tanks shall be allowed at or in connection with nor shall more than fifteen hundred (1,500) gallons, in the aggregate, of gasoline be stored for any public garage, automobile filling station or curb pump.

Not more than one such tank of a capacity not exceeding two hundred (200) gallons of gasoline shall be allowed at, or in connection with or stored for any private garage, except that there shall be allowed at or in connection with, or stored for any private garage in which more than ten automobiles are regularly kept or stored, two such tanks of a capacity not exceeding three hundred gallons of gasoline each, or three such tanks of a capacity not exceeding two hundred gallons of gasoline each; provided, however, that for a private garage only, not more than fifty gallons of gasoline, in a tank constructed as above provided and contained in a locked enclosure with ventilated sides may be stored above the ground, not nearer than thirty feet to any building. No such tank above ground shall be connected with such garage by piping, nor shall more than two hundred gallons, in the aggregate, of gasoline be stored for any private garage, except as aforesaid. Every private garage in which are regularly kept or stored ten or more automobiles shall be constructed as is provided by section 6 of this ordinance, except that the floor thereof may be constructed of earth or concrete.

Section 14. It shall be unlawful for any person, firm or corporation to install, construct or maintain, or to cause or permit to be installed, constructed or maintained, any storage tank for storing gasoline for use in or about any public or private garage or automobile filling station, at a location other than that specified in the permit therefor issued by the

## Easter Apparel

The world takes on new life and beauty at Easter. At this time of the year we all want to lay aside the heavier garments of winter and appear in new and brighter apparel.

**We Know Our Stock of Easter Wear  
Will Appeal to You**

Long ago we proved to our own satisfaction that the people of Glendale appreciate a dry-goods store where they can choose from large and carefully selected stocks of the best merchandise in all lines.

That is why strangers are amazed at the enormous stocks of good merchandise we are selling.

That is why our Easter stock includes the newest skirts, the filmiest blouses, the sheerest of white frocks for little girls and misses, the daintiest of underwear, the best makes of gloves and corsets and silk hosiery and the most beautiful fabrics that ever came from a loom.

## ANNOUNCEMENTS

### NOTICE FROM ASSESSOR

C. F. Ruggles, deputy county assessor, will be at home, 220 N. Belmont, every evening in the week except Wednesday and Saturday from 5 to 8 p. m. All persons not at home when assessors call or who are missed in any other way should see him at once and have papers made out.

### NOTICE

Ladies of the Congregational church will give a food sale at Neale & Gregg Hardware Store Saturday from 10 until 4.

### THE SPIRIT OF MEMORIALS

As the spring blossoms into summer, we feel, some of us, the absence of those dear ones who have passed to "the beyond." We miss their kindnesses, their caresses. Ought we not give actual expression to the loving remembrance in which they are held? We cannot honor our loved ones more, nor perpetuate their memory more effectively than by erecting a monument or marker properly carved, as a lasting tribute to our affection for them.

Easter markers can be had by placing your order at once with Glendale Monument Works, H. J. Reinhard, Proprietor, 1411 S. San Fernando Boulevard, near Forest Lawn. Phone Glendale 1246 or residence, 742-W.

## Personals

William Farlander of Riverdale Drive is in San Diego on his usual spring trip.

Rev. Fred S. Carter and wife of the Boyle Heights Christian church attended the revival meeting at Central Christian last night.

Mrs. A. S. Chase of Riverdale Drive spent Wednesday in Long Beach with Mr. and Mrs. Fellows, old friends from Detroit.

Rev. Bert Dungan and wife of San Bernardino came down yesterday to spend a short time with his parents, Dr. D. A. Dungan and wife, of 323 East Lomita Avenue.

G. B. Woodberry's tool house on the ranch was entered a few days ago by some one who found the key, which had been hidden in a secluded place. A water motor wheel and quite a number of tools were taken.

Robert M. Yost of Verdugo Road is now in the East on a business trip and will probably be gone for several weeks. He writes it is so cold there he will be very glad to get back to California.

J. H. and Blake Franklin of this city, Alfred Hann and Benjamin Hilliard of Los Angeles motored to Lyons' Springs Wednesday evening that they might be on hand early for the opening of the fishing season. The party is expected home tonight.

Among the college students who are spending their spring vacation in Glendale are Harold Venske and his sister, Miss Venske, of Stanford University. They are at the home of their parents, Mr. and Mrs. H. Venske of 331 North Louise St.

Carl H. (Duke) Clausenius, accompanied by Casey Brain, will spend Saturday and Sunday at San Pedro on board the flagship of the Santa Barbara Yacht Club which is undergoing some minor repairs there. The captain is an old friend of Casey's. He and Duke will probably do some fishing.

Mrs. A. W. Tower and Mrs. Arthur Cross represented the Tuesday Afternoon Club at a reciprocity meeting of the Van Nuys Woman's Club Wednesday. They report an excellent program furnished by club talent, and delicious refreshments daintily served during the social hour.

Miss Ida Myers of South San Fernando Road returned Tuesday from a delightful visit in the ranch home of her niece, Mrs. Will Hillman, in Tulare county. She reports they are getting the ranch in very good shape and will specialize on alfalfa and cattle.

Mr. and Mrs. C. D. Shattuck of 114 West Broadway motored to Alhambra last Sunday to say goodbye to some Eastern friends, Mr. and Mrs. E. L. Riggs of Plymouth, Mich., who have been spending the winter in Venice where they have bought property. They are now returning to close up their affairs in Michigan preparatory to coming back and establishing a permanent home in the beach city.

W. H. Sutherland and wife of Long Beach came up Tuesday to visit old friends of Colorado days, Melvin Miller and wife of 212 West Lomita Avenue. The Sutherlands lived in Orange 30 years ago, then went to Colorado Springs, Col., for several years, afterward coming to the coast again and running a poultry ranch at Petaluma. They are old friends of W. A. George and wife of 400 West Stocker Street. Mr. and Mrs. Sutherland are very much impressed with Glendale and Mr. Miller says he thinks he will get them located here soon.

## FUNERAL OF B. F. PATTERSON

The funeral services over the body of B. F. Patterson, who died yesterday morning, will be held in the Little Church of the Flowers tomorrow at 3 p. m., Rev. C. R. Norton officiating and the Pulliam & Kiefer Undertaking Company in charge. The G. A. R. Post will conduct the services at the grave.

## TRUSTEES' MEETING

(Continued from Page 1)  
rector of the Glendale Welfare Bureau, he recommended be canceled, and on motion of Trustee Shaw it was ordered that vouchers No. 667, 668, and 706 of the Public Service Department be canceled.

The City Manager presented the name of J. L. Browne as having been appointed a police officer, and on motion the appointment was confirmed.

Communication was read from Geo. H. Bentley, making application on the part of the Henry-Brown Co., Inc., for a permit to erect a one-story frame warehouse on Wilson Avenue adjoining their present place of business. On motion the application was laid over for one week.

The City Marshal made a report on the matter referred to him at the previous meeting in regard to the practice of the Ocean Park and Pasadena motor buses in stopping in front of the Pacific Electric depot. The Marshal's report was to the effect that no ordinance is violated by this practice. On motion the report was received.

The City Engineer made a report

in regard to the alley on the west line of the High School property, to the effect that the Trustees of the Glendale Union High School, in 1914, had deeded to the City of Glendale fifteen feet of their property along the westerly boundary for alley purposes; and that the property owners on Brand Boulevard had also dedicated fifteen feet for alley purposes on the easterly line of their property, with the exception of the northerly three lots. On motion of Trustee Shaw the City Manager was directed to take up the matter of a dedication of fifteen feet on the easterly line of the northerly two lots with the owners of the same, and the City Clerk was directed to notify Mr. Mattison B. Jones, owner of the third lot, that the City is prepared to receive from him a dedication of the required fifteen feet on the easterly end of Lot 3, owned by him in Block 62, Campbell and Thompson Tract.

The City Engineer presented his resignation of the office of Engineer, and on motion of Trustee Shaw the same was accepted, to take effect April 8, 1920, and the Trustees expressed their appreciation of Mr. Eddy's services, and their best wishes for his success.

The City Manager recommended the appointment as City Engineer of Courtland L. Hill, and on motion of Trustee Jackson the City Manager's recommendation was adopted and Mr. Hill was appointed City Engineer, the appointment to take effect April 8, 1920.

DR. C. S. STEELMAN OPENS A  
BURBANK BRANCH

"Burbank is growing so fast, and so many new people are coming in to your rapidly advancing little city," said Dr. C. S. Steelman, the well-known optician of Glendale, "that I felt justified in getting into closer touch with them, and have opened a branch office for the display of optical goods in the Smart Shop, Victory Theatre building. I believe the convenience will be appreciated by your people."

Dr. Steelman is right. His efforts to please the folks of Burbank and vicinity—not only to please but satisfy them—has long been a source of favorable comment in this community. This is because Dr. Steelman is thoroughly experienced and painstaking in fitting his patients with glasses, but as well because he carries a most complete line of optical goods of every description at his Glendale Optical Shop. He is an expert in the scientific fitting of glasses. If your present glasses are not just right, take the Review's advice and see Dr. Steelman at once. He will examine your eyes without charge and make recommendation as to what is best for you to do. If your eyes are ailing in any way, see about them today and you won't regret tomorrow.

Dr. Steelman bears a splendid reputation throughout San Fernando Valley as a leading optician, and has many grateful patients up this way.

It is to be hoped he will soon feel justified in carrying a larger stock in Burbank.

"See Dr. Steelman and you'll see better" is an apt slogan that might well be memorized by people of all ages to good advantage.—Burbank Review. Adv.

## Few Women would do without an Electric Iron

Yet some of these same women, knowing the value of electrical appliances as labor and time-saving devices go on week after week doing the sweeping by the old-fashioned method of stirring up the dust with a broom; they do the weekly laundry work by bending over a wash-board or turning the crank of the washer by hand. They go about their household tasks just as their grandmothers did, when they might avail themselves of the opportunity of saving their strength and having more time to devote to self-improvement and recreation by using electricity.

### ORDINANCE NO. 377

(Continued from Page 3)

Superintendent of Buildings or in a manner other than as herein provided; provided further, that in all cases where street excavations are required in connection with permits granted under the provisions of this ordinance; permits therefor shall be required as provided by Ordinance.

Section 15. Every storage tank maintained in connection with a public garage, automobile filling station or curb pump shall be connected with an automatic closing valve pump, or other device approved by the Board of Trustees. Any such pump or device may be located inside the building but not below the surface of the first floor, and shall be located above the top of the tank with which it is connected. Every gasoline discharge pipe maintained in connection with a hydraulic or pressure storage system shall be equipped with an emergency shut-off valve located above the floor level, in addition to the shut-off valve maintained at the outlet of the hose. Every gasoline discharge pipe located above the floor level maintained in connection with a hydraulic or pressure storage system shall be protected from mechanical injury for not less than four (4) feet above the water-control valve, and for not less than four (4) feet above the floor level.

Section 16. Every pipe shall lead out of the top of the tank with which it is connected and shall be put together with litharge and glycerine. A galvanized iron vent pipe, not less than 3-4 inch in diameter, shall extend from each tank up alongside the building to a point not less than two feet above the roof of such building, when in the judgment of the Superintendent of Buildings the same is deemed necessary; provided, that the outlet of said vent pipe shall in no event be less than ten feet above the street grade or ground level, and shall be provided with a return ell; provided, further, that no such vent pipe shall be required for any storage tank maintained in connection with a hydraulic or pressure storage system. A filling pipe shall be connected with every gasoline storage tank. Every such pipe shall extend up to the ground level and shall be capped with a water-tight screwed cap.

Section 17. It shall be unlawful for any person, firm or corporation to fill or to cause or permit to be filled, in whole or in part, any storage tank with gasoline except from a tank wagon, or to fill, or to cause or permit to be filled, in whole or in part, any gasoline storage tank at any time except between the hours of sunrise and sunset of the same day.

Section 18. It shall be unlawful for any person, firm or corporation to permit any gasoline tank or drum whether the same is filled, in whole or in part, or empty, to be in, upon or about any public garage or automobile filling station.

Section 19. It shall be unlawful for any person, firm or corporation to carry or convey, or to cause or permit to be carried or conveyed, any gasoline in or about any public garage or automobile filling station in an open can or in any can of any description unless such can shall be of an approved, non-explosive type and the design or type thereof, shall have been first approved by the Fire Marshal.

Section 20. It shall be unlawful for any person, firm or corporation to permit any gasoline to remain in any open can or open receptacle of any kind in, upon or about any public garage or automobile filling station.

It shall be unlawful for any person, firm or corporation to permit any smoking, inside of any building used as a public garage or automobile filling station. A notice containing the words "No Smoking," in large, plain letters, shall be displayed in conspicuous places in and about every such public garage and at all entrances thereto. It shall be unlawful for any person, firm or corporation to cause or permit any sawdust, waste, rags or rubbish of any kind to remain in or about any such garage or automobile filling station or any repair shop connected with such garage, except in a metal receptacle, fitted with a close fitting metal cover, which receptacle shall be moved outside of the building at the close of each day, or to put into or take out of, or to cause or permit to be put into or taken out of any automobile, any gasoline in any room of any public garage or automobile filling station in which there is an open light, or to fill, or to cause or permit to be filled, any lamp of any automobile while the light in such lamp is burning, or to use or to cause or permit to be used, any artificial light of any kind other than electricity in any such public garage or automobile filling station, or to cause or permit to be used any electric lamp in any room in which gasoline is used or kept unless the socket of such lamp is enclosed in a tight-fitting, vapor-proof globe, or to use, or to cause or permit to be used, any stove, torch, forge or other furnace flame or fire, in any such public garage or automobile filling station, except in the office, the retiring room and the repair shop connected with such garage or automobile filling station, or to permit any electric motor, not actually a part of an automobile to be located or to remain within four feet of the floor of any such garage or automobile filling station, or to permit any oil, gasoline or other inflammable material of any kind whatsoever to be stored or kept in any locker in or about any such garage or automobile filling station, or to maintain, or use, or to permit to be used, any locker in any such garage or automobile filling station if such locker is so constructed as not to permit of ready inspection thereof.

**The Time to Build**

**IS WHEN BUILDINGS ARE NEEDED**

This is a good time to build since the dearth of buildings  
has not been broken although structures of all kinds are  
rising in every part of the city.

We were organized for a strenuous building campaign at  
the time the restrictions on building were lifted by the  
government. So were able to care for the large number of  
contracts that came to us, with the minimum of confusion  
and delay.

We are trained in the profession of architecture and build-  
ing but we recognize certain business principles, too. We  
know it would be poor business policy, to say nothing of  
the moral obligations we are under, to slight one detail of  
any contract on which we are working, although lack of  
time might tempt us to do so.

**OUR BUSINESS POLICY CALLS  
FOR OUR BEST WORK**

We have always turned out work that we could feel proud  
of and this policy calls for our best work in every case.

**IF WE BUILD FOR YOU WE WILL  
PROVE IT TO YOU**
